presents

Computer Music Workshop

Thursday, March 9TH | #117 SCI III | 1pm – 2pm

ANY MAJORS & FACULTY MEMBERS ARE WELCOME!

This workshop will offer a glimpse into the universe of creative, artistic, possibilites that **SUPERCOLLIDER** and audio coding provide.

Let's make some noise!

hosted by
Dr. Kyle Shaw

Two ways of participation

1 **Full participation:** Bring your own **laptop** with **SUPERCOLLIDER** installed in advance and your **earphones** to fully experience what music computing is like.

2 **Passive participation:** You can appreciate the live coding that **Dr. Shaw** performs in the workshop.

SUPERCOLLIDER

A PLATFORM FOR AUDIO SYNTHESIS AND ALGORITHMIC COMPOSITION, USED BY MUSICIANS, ARTISTS AND RESEARCHERS WORKING WITH SOUND.

FREE AND OPEN SOURCE SOFTWARE FOR WINDOWS, MACOS AND LINUX.

Where to download

https://supercollider.github.io/downloads.html

AN INDIVIDUAL SERVING SIZE PIZZA WILL BE SERVED TO PARTICIPANTS!
